Thank you for your interest in the NM National Guard Youth ChalleNGe Academy. Our program is a 22-week Residential, 12-month Post-Residential program, emphasizing structure and self-discipline, preparation to take the HiSET (High School Equivalency Test) college vocational courses (resulting in college credits earned), life and job skills, physical training and service to our communities.

We are NOT a “boot camp”, as this is VOLUNTEER program with no fences etc. We want our cadets to start and finish this very valuable training of their own free will. The life plans our cadets adopt throughout the course of a cycle will prepare them to: 1. Continue their education, 2. Obtain full time employment, or 3. Join a military service. All these choices will serve them in becoming a successful, productive citizen in their community. THERE IS NO MILITARY OBLIGATION FOR ENROLLEMENT INTO THE NM NATIONAL GUARD YOUTH CHALLENGE.

This training is open to United States Citizens, who are residents of the State of New Mexico. Applicants must be between the ages of 16-18 at the start of the program cycle. We offer 2 cycles per year with start dates in January and July. As of this date, the New Mexico Youth ChalleNGe Academy has graduated over 2,000 cadets from all over the state. Our program is FREE to applicants as we are state and federally funded.

Training is strict, with very little tolerance for non-compliance. We have a quasi-military structure, which means our cadets wear uniforms, march in formation and follow basic military rank structure and customs and courtesies. The first two weeks, which is called “ACCLIMATION”, is the most difficult portion of the program as it takes the cadet out of their comfort zone, and starts to develop self-discipline and the motivation to change their lives by challenging them mentally and physically. The main reason cadets drop out in this phase is due to being homesick. Family encouragement and support is vital during this time. During these first two weeks, cadets go through strenuous physical conditioning, drill and ceremony, in which cadets learn to march in formation, and are given classes on the policies and procedures that will prepare them for life at NMYCA and beyond.

Once Acclimation is over, those cadets who have met the challenge, will then “TRANSITION” from CANDIDATES to CADETS. This begins their new lives as a new person. They will then begin their HiSET, Vocational, and Job and Life Skills classes for the next 20 weeks.

Program orientations and candidate interviews will be conducted all over the state to answer any questions you may have or to submit an application. The interview is designed to assess the interest and dedication an applicant is willing to make when submitting an application. Class size is limited, so

it is very important that complete applications and interviews are done to ensure your spot is reserved.

To get up-to-date information on orientations in your area, please visit our website at www.nmyca.net, or call 575-347-7600 to speak to a recruiter.

Again, thank you for your interest and we look forward to meeting and working with you.

Respectfully,
